

Adham Tarek Aladwash

Mechatronics Engineer & Junior Data Scientist

Damietta, Egypt | adhamaladwash71@gmail.com | adham-aladwash | +20 106 822 8935

PROFESSIONAL SUMMARY

Motivated Mechatronics Engineering undergraduate with a 3.85 GPA and a strong passion for bridging hardware and data. Experienced in automotive systems diagnostics, data logging, and analysis using Python. Eager to apply interdisciplinary knowledge — spanning embedded systems, machine learning, and mechanical simulation — to develop innovative, AI-driven engineering solutions.

EDUCATION

B.Sc. in Mechatronics Engineering

Oct 2021 – Jun 2027

Delta University for Science and Technology — Damietta, Egypt

- GPA: 3.85 / 4.0 — Excellent Standing

WORK EXPERIENCE

Data Science Intern

Jun 2025 – Present

DEPI (Digital Egypt Pioneers Initiative)

- Performed data logging and statistical analysis using Python (Pandas, NumPy)
- Built data visualizations and dashboards to communicate insights effectively
- Designed and managed relational databases; applied strong data-structure knowledge
- Solved analytical problems independently, demonstrating initiative and attention to detail

Automotive Engineering Intern

Jun 2025 – Jul 2025

Ghabour Auto — Automotive Industry

- Diagnosed and resolved faults in car electrical and electronic systems
- Performed mechanical repairs on engine components
- Assisted with battery disassembly and responsible recycling procedures

COURSES & CERTIFICATIONS

CS50: Introduction to Computer Science

Aug 2022 – Oct 2022

Harvard University / EDX

- Mastered fundamentals of C, C#, and Python programming
- Built a strong conceptual foundation in algorithms and software design

C Programming Language Foundations

Aug 2023 – Sep 2023

Dartmouth College / EDX (IMTx)

- Gained proficiency in C for systems-level and embedded programming
- Developed automation scripts and understood low-level memory management

SKILLS

Programming	Python, C, C++, SQL
Data Science	Machine Learning, Data Logging, Data Analysis, Data Visualization (Matplotlib, Seaborn)
Engineering Tools	SolidWorks, AutoCAD, 3D Modeling, Mechanical Simulation, Electrical Simulation
Soft Skills	Team Leadership, Time Management, Problem Solving, Negotiation
Languages	Arabic (Native), English (Professional Working Proficiency)
